

个人简历

基本情况

姓名：周沛
性别：男
籍贯：江苏省无锡市
最高学位：全日制硕士（同济大学，软件工程专业）
联系电话：（0）18018330069（无锡手机）
Email：zp6699@qq.com
工作经验：10 年以上

求职意向

Java 开发工程师、项目经理

本人优点

1. 具有丰富的海外项目开发和 Support 经验，熟悉英文工作环境，具有在海外的客户现场 Support 客户项目上线的经验，可以和客户用英文进行口语和书面沟通；
熟悉 Java Web 应用开发，和相关的开发、测试和构建工具；
获得 Oracle Java SE 6 Programmer Certified Professional（OCJP 6）证书、PMP 证书；
2. 快速的分析问题能力，查找 Root Cause 和解决问题的能力；工作中会编写 Python 和 Perl 脚本语言去分析问题；
3. 兴趣方向：人工智能（AI）；软件自动化；敏捷软件开发；通过敏捷软件开发方法和一系列自动化工具，来构建高质量的软件交付流程。

教育背景

2005. 9–2008. 3： 同济大学，软件工程专业（获得工程硕士学位）
2000. 9–2004. 6： 南京财经大学，统计学专业（获得经济学学士学位）

专业技能

- 熟悉服务器端技术：Java Web 应用（JSP, Servlet, Session）、Spring、Hibernate、Web Service 和多个 Apache 开源框架，具有多个项目开发经验；
- 熟悉前端页面技术：HTML、CSS、JavaScript、JSON、jQuery、Bootstrap、AJAX 等；
- 熟悉数据库操作、设计和 SQL 语句编写，会使用 Oracle PL/SQL 编写存储过程，工作中用到的数据库有：Oracle、MySQL、SQLite；
- 熟练掌握数据结构和算法；
- 熟悉使用自动化软件构建和测试工具：Subversion、Git、Ant、JUnit、Hudson (Jenkins)、Selenium、QTP 等，会使用 Selenium 编写自动化测试程序；
- 掌握实用性强的脚本语言：Python、Perl，具有用 Perl 脚本语言开发自动化软件测试工具的经验，会使用 Python 编程进行大数据分析；
- 精通水晶报表（Crystal Report）和 Letter 报表开发与设计；
- 熟悉 UML 和设计模式，在程序开发中会考虑使用设计模式和面向对象编程，以达到代码的高内聚、低耦合，代码易于维护和扩展。

工作和实习经验

1. 2014 年 12 月 — 至今（6 年）：易保科技（无锡）有限公司（高级 Java 软件工程师）

职责：为世界上多个海外知名保险公司开发保险系统，以及为海外客户做使用过程中的 Support，分析和快速解决客户使用系统过程中遇到的问题。

工作中合作过的客户有：AIG 巴西客户、Argo 美国客户、AIG 新加坡客户、太平新加坡客户、SEG 泰国客户，工作中用英文和客户进行会议和邮件交流。

参与过的保险项目有：AIG 巴西保险公司、Argo 美国保险公司、AIG 新加坡保险公司、太平新加坡保险公司、SEG 泰国保险公司。

2. 2010 年 4 月 — 2014 年 11 月（4 年 8 个月）：希捷国际科技（无锡）有限公司

（高级 Java 软件工程师）

职责：从事 Seagate 多个 Java Web 应用网站的开发：Seagate Portal 门户网站（www.seagate.com）、MySeagate Portal、HR Portal、Seagate News Portal 和 Seagate Policies Site。工作中需要用英文和位于新加坡的同事、美国的同事进行会议和邮件交流。

3. 2008 年 2 月 — 2010 年 3 月（2 年 2 个月）：泰为信息科技（上海）有限公司

（C++软件开发工程师）

职责：从事 C++和 Java 程序开发（包括嵌入式应用程序和企业应用程序），设计和开发自动化软件功能回归测试框架，开发自动化编译、构建和测试工具，积极参与了导航软件开发的全套开发流程。

4. 2007 年 8 月 — 2008 年 1 月（实习）：博世（Bosch）亚太研发中心

（C++软件开发工程师）

职责：从事软件研发和测试工作，在 Windows CE 平台上开发车载语音控制系统。

5. 2006 年 3 月 — 2007 年 3 月（学习期研发）：同济大学软件技术研究中心

（Java 软件开发工程师）

职责：从事智能交通仿真系统的软件研发工作，能通过网站地图查看实时的深圳道路拥挤情况。

6. 2005 年 3 月 — 8 月（实习）：无锡华商网络科技有限公司（网页设计师）

职责：从事多个网站的界面设计与开发工作，独立完成的典型网站举例：www.baohumo.com、www.wxjccfsb.com、www.xlhgjx.com。

项目经验

1. 2014 年 12 月 — 至今：世界各大保险公司的财险和寿险系统的开发和 Support

项目简介：为世界上多个海外知名保险公司开发保险系统，以及为海外客户做使用过程中的 Support，分析和解决客户使用系统过程中遇到的问题。参与过的保险项目有：AIG 巴西保险公司、Argo 美国保险公司、AIG 新加坡保险公司、太平新加坡保险公司、瑞士 Swiss Life 保险公司、泰国 SEG 保险公司。

技术经验：Java Web 开发、Spring、Hibernate、Oracle PL/SQL 编程、水晶报表开发

使用工具：Oracle DB、Oracle PL/SQL Developer、Tomcat、WebSphere Application Server、Subversion、TortoiseSVN、Jenkins、Ant、Maven 等一系列敏捷软件开发工具的使用。

2. 2012 年 4 月 — 2014 年 11 月：Seagate Portal 门户网站的开发与 Support（希捷项目）
(<http://www.seagate.com/>)

项目简介：Seagate Portal 网站是希捷的门户网站，该网站用于介绍希捷的最新产品、解决方案、希捷招聘等信息，该网站基于 Java Portal 技术。本人基于 Vignette Portal 产品进行该网站的开发、修复 bug 和维护工作。

技术经验：Java Web 应用、Java Portal 开发(基于 Vignette Portal)、Vignette VCM、jQuery。

使用工具：Vignette Portal、Vignette VCM、Linux、Eclipse。

3. 2011 年 12 月 — 2012 年 5 月：MySeagate Portal 开发与 Support（希捷项目）
(<http://my.seagate.com/portal/site/myseagate>)

项目简介：MySeagate Portal 网站是在希捷内部使用的员工网站。希捷员工可以用该网站登录多个与员工工作相关的系统，比如：iMap、Corporate Access Request System (CARS)、WebEx 等，该网站基于 Java Portal 技术，本人基于 Vignette Portal 产品进行该网站的开发修复 bug 和维护工作。

技术经验：Java Web 应用、Java Portal 开发(基于 Vignette Portal)、Vignette VCM、jQuery。

使用工具：Vignette Portal、Vignette VCM、Linux、Eclipse。

4. 2010 年 4 月 — 2012 年 3 月：HR Portal 开发与 Support（希捷项目）
(<http://my.seagate.com/portal/site/HRPortal>)

项目简介：HR Portal 网站是在希捷内部使用的人事系统，该网站基于 Java Portal 技术，本人基于 Vignette Portal 产品进行该网站的开发、修复 bug 和维护工作。

技术经验：Java Web 应用、Java Portal 开发(基于 Vignette Portal)、Vignette VCM、jQuery。

使用工具：Vignette Portal、Vignette VCM、Linux、Eclipse。

5. 2010 年 12 月 — 2012 年 3 月：News Portal 开发与 Support（希捷项目）
(<http://my.okla.seagate.com/portal/site/NewsPortal>)

项目简介：News Portal 网站是在希捷内部使用的新闻系统，该网站基于 Java Portal 技术，本人基于 Vignette Portal 产品进行该网站的开发、修复 bug 和维护工作。

技术经验：Java Web 应用、Java Portal 开发(基于 Vignette Portal)、Vignette VCM、jQuery。

使用工具：Vignette Portal、Vignette VCM、Linux、Eclipse。

6. 2010 年 4 月 — 2012 年 3 月：HR Policies 网站 Support（希捷项目）
(<http://my.seagate.com/portal/site/Policy>)

项目简介：HR Policies 网站是在希捷内部使用的发布希捷政策的 Web 应用系统，该网站基于 Java Portal 技术。该网站使用的是 Vignette Portal 6.0，它是一个老的系统。本人在该项目中进行系统的维护和更新。

技术经验：维护基于 Vignette Portal 6.0 的 Portal 网站。

使用工具：Vignette Portal 6.0、Vignette VCM、Linux、Eclipse。

7. 2008 年 11 月 — 2010 年 2 月：福特新一代车载导航系统：Wolverine（泰为项目）

项目简介：该项目是为美国福特公司开发的新一代车载导航系统，本人参与其中 NavEngine 模块的开发，该模块的主要功能是根据当前收到的 GPS 点在地图上进行搜索和道路匹配。

技术经验：WinCE 6.0 平台上的 C++ 嵌入式开发、GPS 手持设备开发。

使用工具：WinCE 6.0、Visual C++。

8. 2009 年 1 月 — 3 月：自动化构建和功能测试工具（泰为项目）

项目简介：该系统能够在一天中某一时刻（比如晚上 12 点）自动从 SVN 上下载代码、自动构建、启动回归测试程序进行自动化功能测试，并且生成测试报告，该系统的建立对软件开发过程中的质量保证和稳定性保证起到了非常重要的作用，有效防止了因代码改动而引起的软件功能衰退。

技术经验：SVN 代码管理、自动化构建、自动化功能回归测试。

使用工具：Perl、Visual C++、Subversion。

9. 2007 年 8 月 — 2008 年 1 月：车载智能语音控制系统（博世亚太研发中心研发项目）

项目简介：在汽车环境当中，无需用手和用眼的操作要求先进的语音识别控制技术。该系统可通过语音来控制车载播放设备，通过智能语音识别、自然语言理解和文语转换技术获得友好的语音控制效果。主要所用技术是 C++ 编程技术、多线程编程、生产者—消费者模型、智能语音识别、自然语言理解和文语转换。

技术经验：WinCE 平台上的 C++ 编程技术、多线程编程、生产者—消费者模型、智能语音识别、自然语言理解和文语转换。

使用工具：Visual C++ 2005、Windows CE 5.0、SQLite。

10. 2006 年 3 月 — 2007 年 3 月：深圳市城市交通仿真系统

（同济大学研发项目，网址：www.sutpc.com）

项目简介：深圳市城市交通仿真系统是深圳市智能交通系统的重要组成部分和启动工程（2004 年深圳市政府投资计划项目，深发改[2004]481 号），目的在于实现城市交通仿真与公用信息平台一体化的结构，有效地提高深圳市城市交通设施的规划建设与管理水平，提高城市道路交通预测能力，实时发布动态交通信息，使车辆驾驶员和出行者了解当前道路交通情况，避开拥堵路段，缓解道路交通拥挤状况。该系统采用 J2EE 架构，MVC 设计模式，基于 WebGIS 地理信息系统，通过实时对固定点和浮动点的道路车流量数据的采集，在网页上实时发布城市道路交通拥挤状况。

技术经验：WebGIS、Java Web 应用、Struts 1.0。

使用工具：Websphere Studio Application Developer 5.1、ArcGIS Desktop and Workstation 9.0、ArcIMS 9.0、ArcSDE 9.0、Oracle 10g。

荣誉及证书

2016 年

- 获得 PMP（项目管理师）认证证书，PMP 证书编号：1967190。

2014 年

- 获得 Oracle OCJP JavaSE 6（OCJP 6）认证证书：Java Standard Edition 6 Programmer Certified Professional（1Z0-851）

2006 年

- 获得 IBM 认证证书：IBM Certified Database Administrator、IBM Certified Database Associate

2004 年

- 毕业论文荣获江苏省普通高校本专科优秀毕业设计（论文）三等奖
- 评为校三好学生

- 荣获优秀学习奖学金一等奖
- 获得全国计算机三级证书（数据库技术）

2003 年

- 评为校三好学生
- 荣获优秀学习奖学金三等奖
- 获得江苏省计算机三级证书（偏软）

2002 年

- 荣获优秀学习奖学金三等奖

外语能力

大学英语 CET 6 级，具有良好的听说能力，可以和美国、印度、新加坡同事进行口语上的交流。

发表论文

1. 《基于 ArcIMS 的 WebGIS 应用系统的构建与实现》，发表于《电脑知识与技术》，2007 年第 2 卷第 6 期。
2. 《智能交通系统中的瓦片地图技术研究与应用》，同济大学硕士学位论文。

自我评价

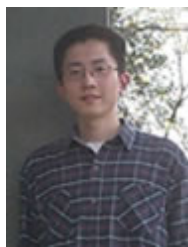

- 对软件开发与测试工作充满热情
- 较高的创造和研发能力、快速的学习能力
- 具有高度负责精神、较强的团队精神和良好的职业道德
- 愿意接受挑战并克服它们
- 很好的人际交流与沟通能力

感谢您花时间阅读我的简历，期待能有机会和您共事，谢谢！

RESUME

Summary

Name: Zhou Pei
Gender: Male
Place of Birth: Wuxi, Jiangsu
Degree: Master (Tongji University, Software Engineering)
Phone: (0) 18018330069 (China Wuxi Mobile)
Email: zp6699@qq.com
Experience: More than 10 years

Ideal Position

Java Development Engineer, Project Manager

My Advantages

1. With rich experiences in overseas project development and supporting customers. Familiar with English working environment. Have the working experience in overseas customers' site to support their projects on-line. Have the ability to communicate with overseas customers in both oral and written English.

Good skilled in Java Web application, and the related development, building and testing tools;

Gain the certifications: Oracle Java SE 6 Programmer Certified Professional, PMP certification.

2. Familiar with software development process.

3. Interest in: artificial intelligence (AI); software automation; agile software development; building high quality software delivery process through agile software development methods and a series of automation tools.

Education

2005.9 - 2008.3: Master of Computer Engineering, Tongji University, Shanghai.

2000.9 - 2004.6: Bachelor of Statistics, Nanjing University of Finance & Economics.

Professional Skills

- Familiar with server-side technologies: Java Web application (JSP, servlet, session), Spring, Hibernate, Web Service and several Apache open source frameworks. Have many projects' development experience.
- Familiar with front-end page technologies: HTML, CSS, JavaScript, JSON, jQuery, Bootstrap, AJAX, etc.
- Familiar with database operation, design and SQL statement. Can use Oracle PL / SQL Developer to write stored procedures. The databases used in the work as follows: Oracle, MySQL, SQLite.
- Familiar with Data Structure and Algorithms.
- Familiar with automatic software building and testing tools, such as: Subversion,

Git, Ant, JUnit, Hudson (Jenkins), Selenium, QTP, etc. Can use selenium to write automatic test program.

- Experienced in useful script languages, e.g. Python, Perl. Have the experience of development for automated software testing tool with Perl. Can use Python for big data analysis.
- Proficient in the development and design of crystal report and letter report.
- Familiar with UML and design patterns. Design pattern and object-oriented programming will be considered in program development, in order to achieve high cohesion and low coupling of code, and easy maintenance and expansion of code.

Work and Intern Experience

1. 12/2014 – Present (6 years): eBao Technology (Wuxi) Co., Ltd (Senior Java Developer)

Responsibilities: Develop insurance systems for several famous overseas insurance companies in the world, and provide support for overseas customers in the process of using the system, analyze and quickly solve the problems encountered in the process of using the system for customers.

The clients who have cooperated in the work include: AIG Brazil clients, Argo US clients, AIG Singapore clients, Taiping Singapore clients, SEG Thailand clients. In the meetings and email, we use English to communicate with our clients.

The insurance projects that I was participated in as follows: AIG Brazil, Argo US, AIG Singapore, Taiping Singapore, SEG Thailand.

2. 04/2010 – Present (4 years and 8 months): Seagate Technology, Wuxi, China (Senior Java Developer)

Responsibilities: Develop several Java Web Sites used in Seagate: Seagate WWW Portal (www.seagate.com), MySeagate Portal, HR Portal, Seagate News Portal and Seagate Policies Site. Need to have meetings and email communication in English with colleagues that be located in Singapore and America sites.

3. 02/2008 – 03/2010 (2 years and 2 months): TeleNav Information Technology (Shanghai) Inc. (C++ Development Engineer)

Responsibilities: C++ and Java programming(embedded applications and enterprise applications). Design and develop the automatic software regression testing framework. Develop automated compiling, building and testing tools. Join the entire navigation software development process.

4. 08/2007 – 01/2008 (Intern): Bosch Asia Research Center (C++ Development Engineer)

Responsibilities: Research, C++ programming and testing on WinCE platform. Develop automotive intelligent speech recognition system on WinCE platform.

**5. 03/2006 – 03/2007 (R&D): Software Technology and Research Center,
Tongji University (Java Development Engineer)**

Responsibilities: Research and programming on intelligent transport simulation system by Java Web and WebGIS technologies.

**6. 03/2005 - 08/2005 (Intern): Wuxi Huashang Network Technology Inc.
(Web Page Designer & Developer)**

Responsibilities: Designing and developing several company websites, such as: www.baohumo.com, www.wxjccfsb.com, www.xlhgix.com.

Project Experience

1. 12/2014 – Present: Insurance systems development and support jobs for several overseas insurance companies in the world

Introduction: Develop insurance systems for several famous overseas insurance companies in the world, and provide support for overseas customers in the process of using the system, analyze and quickly solve the problems encountered in the process of using the system for customers.

The insurance projects that I was participated in as follows: AIG Brazil, Argo US, AIG Singapore, Taiping Singapore, SEG Thailand.

Experience: Java web application development, Spring, Hibernate, Oracle DB, Oracle database stored procedures development.

Tools: Oracle DB, PL/SQL Developer, Tomcat, WebSphere Application Server, Subversion, TortoiseSVN, Jenkins, Ant, Maven, and so on.

**2. 04/2012 – 11/2014: Seagate WWW Portal Development and Maintenance
(<http://www.seagate.com>)**

Introduction: The Seagate WWW Portal site is the Seagate company web site that introduces the Seagate products, solutions, careers information in Seagate and so on. The site is based on the Java Portal technology. I was involved in the portal site development, fix bugs and maintain the system based on the Vignette Portal products.

Experience: Java Web Application Development, Java Portal Development (based on Vignette Portal), Vignette VCM, jQuery.

Platform: Vignette Portal, Vignette VCM, Linux, Eclipse.

**3. 12/2011 – 05/2012: MySeagate Portal Development and Maintenance
(<http://my.seagate.com/portal/site/myseagate>)**

Introduction: The MySeagate Portal site is the Seagate internal employees' web site. Seagate employees can use the site to login several systems that are related to their works in Seagate, such as: iMap, Corporate Access Request System (CARS), WebEx, and so on. The web site is based on the Java Portal technologies. I was involved in the portal site development, fix bugs and maintain the system based on the Vignette Portal products.

Experience: Java Web Application Development, Java Portal Development (based on Vignette Portal), Vignette VCM, jQuery.

Tools: Vignette Portal, Vignette VCM, Linux, Eclipse.

4. 04/2010 – 03/2012: HR Portal Development and Maintenance

(<http://my.okla.seagate.com/portal/site/HRPortal>)

Introduction: The HR Portal site is the HR web site that is used in Seagate. The web site is based on the Java Portal technologies. I was involved in the portal site development, fix bugs and maintain the system based on the Vignette Portal products.

Experience: Java Web Application Development, Java Portal Development (based on Vignette Portal), Vignette VCM, jQuery.

Tools: Vignette Portal, Vignette VCM, Linux, Eclipse.

5. 12/2010 – 03/2012: News Portal Development and Maintenance

(<http://my.okla.seagate.com/portal/site/NewsPortal>)

Introduction: The News Portal site is the Seagate internal News web site. The web site is based on the Java Portal technologies. I was involved in the portal site development, fix bugs and maintain the system based on the Vignette Portal products.

Experience: Java Web Application Development, Java Portal Development (based on Vignette Portal), Vignette VCM, jQuery.

Tools: Vignette Portal, Vignette VCM, Linux, Eclipse.

6. 04/2010 – 03/2012: HR Policies Site Maintenance

(<http://my.seagate.com/portal/site/Policy>)

Introduction: The HR Policies site is the HR Policies web site that is used in Seagate. The site is based on the Java Portal technologies. It uses the Vignette Portal 6.0. As it is an old system, I maintained the web site for this project.

Experience: Maintain the Java portal site based on the Vignette Portal 6.0.

Tools: Vignette Portal 6.0, Vignette VCM, Linux, Eclipse.

7. 11/2008 – 02/2010: Ford's next-generation car navigation system: Wolverine

Introduction: The project is the next-generation car navigation system, that is developed for Ford U.S. I'm engaged in the NavEngine module. The function of the module is to track the location on one road among in the map based on the current GPS point.

Experience: C++ embedded development on WinCE 6.0 platform, GPS handheld device development.

Tools: WinCE 6.0, Visual C++.

8. 01/2009 - 03/2009: Automated Building and Testing Framework

Introduction: The system can download code from SVN at specific time (e.g. 12pm at night every day), build the code, do regression test and generate test report automatically on time. It plays an important role in order to make sure the software quality and stability during the software development.

Experience: SVN Code management, automated building, automated regression test.

Tools: Perl, Visual C++ , Subversion.

9. 08/2007 - 01/2008: Automotive Intelligent Speech Control System (Project in Bosch Asia Research Center)

Introduction: In the automotive environment, hands-free and eyes-free operation mandates advanced speech recognition and control technologies. The system can control the automotive player equipment by speech. Through the technology of speech recognition, natural language understanding and text-to-speech, the system reaches the friendly control effect.

Experience: C++ programming on Windows CE platform, multi-thread programming, consumer and producer model, speech recognition, natural language understanding and text-to-speech.

Tools: Visual C++ 2005, Windows CE 5.0, SQLite.

10. 03/2006 - 03/2007: Shenzhen Urban Transport Simulation System (R&D Project in Tongji University, Website: www.sutpc.com)

Introduction: Shenzhen Urban Transport Simulation System is the important component and start-up project of Shenzhen intelligent transport system. The programming project was invested by Shenzhen Government in 2004, with the purpose of efficiently improving the programming construction and management level of means of transportation in the city and issuing dynamic traffic information as well. Hence, this project enables drivers and pedestrians to acquaint themselves with current traffic situation, so as to avoid crowded sections of highways and release traffic jams. The system uses J2EE architecture and MVC design pattern. It is a WebGIS system. The system shows the real time road status on the web by collecting the data from fixed points and floating points on the road.

Experience: WebGIS, Java Web App, Struts 1.0.

Tools: Websphere Studio Application Developer 5.1, ArcGIS Desktop and Workstation 9.0, ArcIMS 9.0, ArcSDE 9.0, Oracle 10g.

Honors & Certification

2016

- PMP (Project Manager) certificate.
(PMP Certificate No.: 1967190)

2014

- Oracle Java Standard Edition 6 Programmer Certified Professional
(Oracle OCJP Tested ID: 1Z0-851)

2006

- IBM Certified Database Administrator
- IBM Certified Database Associate

2004

- Certificate of Third Prize of the Jiangsu Province Excellent Dissertation
- Excellent student of Nanjing University of Finance & Economics
- First Class Scholarship, in Nanjing University of Finance & Economics

- Certificate of National Computer Rank Examination - Rank 3(Database Technology), by National Ministry of Education

2003

- Excellent student of Nanjing University of Finance & Economics
- Third Class Scholarship, in Nanjing University of Finance & Economics
- Certificate of Jiangsu Province Computer Examination – Rank 3(Software), by Jiangsu Ministry of Education

2002

- Third Class Scholarship, in Nanjing University of Finance & Economics

English

CET 6 Certification. Have good oral and written communication skills.

Paper Published

1. The Construction and Implementation of WebGIS Application System Based on ArcIMS. Published in Compute Knowledge and Technology: 2007, Vol.2, No.6.

2. The Research and Application of Tile Map Technology in Intelligent Transportation System. Master Degree Paper in Tongji University.

Self-Evaluation

- Be confident and interest in software development and software testing.
- Ability to quick research, development and learning.
- Have strong responsibility, team cooperation spirit and better occupational ethics.
- Would like to accept challenges and overcome them.
- Ability to express own thinking clearly.

Thank you for taking the time to read my resume. Look forward to working with you. Thank you!

Dear Sir or Madam:

I'm writing this reference letter on behalf of Mr. Zhou Pei (周沛). As his supervisor, I rate him one of the best students I have been tutoring. He participated in one major project which I'm in charge of. He left me with a deep impression.

The project he participated in is the Shenzhen Urban Transport Simulation System, which is invested by Shenzhen Government. This project is the major body of Shenzhen Intelligent Transportation System. It aims to build up an integrated architecture of urban transport simulation and the public information platform, improve the planning and management of Shenzhen urban transport facilities.

During the development of the project, he showed his obvious competence and his natural curiosity. He demonstrated a sound understanding of the project and great ability to master new techniques. He is such a quick learner that he always learned the techniques and made them into practical uses within very little time. He is the key developer and made a great contribution to the project. His work completely satisfied me.

One of Mr. Zhou Pei's most notable features is that he is also very responsible for his work. He always works hard and never stops trying to make his work better.

Mr. Zhou Pei is now applying for the job in your company. I strongly recommend him and I'm quite confident of his ability to be an excellent developer in your company.

Sincerely,

Bin Mu
Associate Professor
Director, Software Technology Research Center

School of Software Engineering, Tongji University
4800 Cao An Highway
Shanghai P.R.C 201804
