

Siemens Lead Country China Non-Senior Management Incentive Target Setting Guideline - FY 24/25

西门子中国主要市场国非高层管理员工 24/25财年奖金目标设定准则

1 Preamble 引言	The following rules apply to the Incentive Target Setting for FY24/25 with the following objectives: - Setting clear responsibilities for the target setting process in Siemens Lead Country China - Defining the process of targets setting - Guiding special cases. 本准则适用于24/25 财年的奖金目标设定，以求实现下列目标： - 界定奖金目标设定职责 - 规范奖金目标设定流程 - 设定特殊情况的处理原则 This guideline is applied to Non-Senior Management in SLC, SLT, SLHK and all Siemens affiliated companies which adopt the same annual incentive scheme as SLC. It is recommended that other Siemens affiliated companies implement the same guideline for white collar employees when there is already an incentive system in place or when there are plans to implement one. 该准则适用于在SLC,SLT,SLHK及与SLC执行相同奖金政策的西门子关联公司中的非高层管理人员。对于其它已经实施或即将实施年度奖金制度的西门子关联公司，建议在白领员工中推行此政策。 Employees who are entitled to other sale incentive programs are excluded from this annual incentive plan. 包含在销售奖金计划的员工则不在此年度奖金计划的适用范围之内。								
2 Annual Incentive Structure 年度奖金结构 Incentive Targets <table> <tr> <td>Incentive Target 1</td> <td>%</td> </tr> <tr> <td>Incentive Target 2</td> <td>%</td> </tr> <tr> <td>Incentive Target 3</td> <td>%</td> </tr> <tr> <td>Incentive Target 4 (Exceptional case only)</td> <td>%</td> </tr> </table> X Individual multiplier	Incentive Target 1	%	Incentive Target 2	%	Incentive Target 3	%	Incentive Target 4 (Exceptional case only)	%	The Annual Target Compensation (ATC) comprises Annual Salary (fixed) and Annual Target Incentive (ATI). Annual Salary is designed to provide employees with a stable level of income; while ATI is variable, and the payout is based on the performance on given targets 年度目标薪酬（ATC）由年度固定收入和年度目标奖金（ATI）构成。年度固定收入为员工提供稳定的收入，而年度目标奖金是浮动部分，实际发放的金额是根据设定目标的完成率来计算的。 Annual incentive structure generally comprises maximum three targets (unless otherwise specified by few units), and additionally multiply by individual multiplier 奖金结构基本上由三个目标组成（除非个别业务部门有特殊规定），并在此基础上乘以个人奖金系数。 The respective local business management is responsible to decide, document and communicate both the financial incentive targets (the max weighting of none-local KPIs is 1/3) and the respective target achievement for Non-Senior management in their organizations. The respective management is also responsible to ensure that target achievement is based on actual results in the official reporting system, and that target achievement is transparent, measurable, auditable, comprehensible, and fair across all parts of the company.
Incentive Target 1	%								
Incentive Target 2	%								
Incentive Target 3	%								
Incentive Target 4 (Exceptional case only)	%								

	相应的中国业务部门管理层负责决定及正式沟通其负责部门的非高层管理人员的奖金目标（其中非本地业务相关的目标所占比重不得超过1/3）和目标完成率并留存相关记录。同时其相应确保目标的完成率是基于正式的报告系统中的实际结果计算得出，是透明的、可以量化的、可审计的、可理解的、以及对公司其他组织来说是公平的。 The FY24/25 incentive targets for the None-Senior management in respective Service & Governance organizations and Country Roles are defined as below: 服务与治理职能部门及西门子中国主要市场国的职能支持部门的非高层管理人员 24/25 财年奖金目标规定如下： <table><tr><th>Incentive Targets</th><th>Siemens EPS</th><th>Siemens CCR (CCR- Cash Conversion Rate)</th><th>Direct business volume abs. LC Bundle</th></tr><tr><td>Service & Governance (w/o SFS)</td><td>25%</td><td>25%</td><td>50%</td></tr><tr><td>Country Roles (w/o Business org code)</td><td>25%</td><td>25%</td><td>50%</td></tr></table> The payout amount of incentive depends on the degree by which the applied targets are achieved. It can be higher or lower than the ATI. The ATI amount is stipulated in respective employment document. Any exception to the structure and aligned framework requires the approval from Siemens Lead Country China CEO, CFO and Head of P&O. 实发奖金数额取决于以上目标的完成情况，其可能高于或低于年度目标奖金。 年度目标奖金额在相应的雇佣文档中进行约定。 任何不同于上述规定的结构/框架，需要事先获得西门子中国主要市场国首席执行官，首席财务官和人才与组织发展负责人的批准。	Incentive Targets	Siemens EPS	Siemens CCR (CCR- Cash Conversion Rate)	Direct business volume abs. LC Bundle	Service & Governance (w/o SFS)	25%	25%	50%	Country Roles (w/o Business org code)	25%	25%	50%
Incentive Targets	Siemens EPS	Siemens CCR (CCR- Cash Conversion Rate)	Direct business volume abs. LC Bundle										
Service & Governance (w/o SFS)	25%	25%	50%										
Country Roles (w/o Business org code)	25%	25%	50%										
3 Incentive Targets 奖金目标	Depending on employee’s organizational unit, the target setting rules apply: 根据员工所属组织结构，其相关奖金设定遵循如下原则： For each target, the weighting and the value for a 0%,100% and 200% target achievement are decided by the company. 每一个绩效指标的比重和其0%，100%，200%的完成率的数值由公司决定。 The target achievement of each single KPI is capped at 200%. The 100% target value for all KPIs can be based on the payout relevant target achievement value of the previous fiscal year (Continuous Improvement Principle) or on planned values (budget). 每一个绩效目标的完成率的上限是200%，其100%完成率的数值可以基于上一年该目标的实际完成率来设定（持续提高原则）或者是按照业务的计划来设定（例如预算数值）。 The 200% target value is defined by means of an appropriate BOSE ('BONUS Sensitivity' = Difference between 100% and												

	200%) which predominantly reflects different market situations and performance expectations of the business. The 0% value is determined by deducting the BOSE from the 100% value, thus creating a straight BONUS line. 目标200%完成率对应的数值是通过BOSE（BONUS Sensitivity=100%完成率对应的数值和200%目标完成率对应的数值的差额）计算出来的，BOSE主要用于反映不同业务市场的情况以及对于业务绩效的预期。0%目标完成率对应的数值是100%完成率对应的数值减去BOSE的数值，所以这几个数值之间是线性的关系。
4 Individual Multiplier 奖金系数	The individual multiplier will be decided by responsible manager at the end of fiscal year within given budget based on - Comprehensive consideration of personal impact (performance/output/results ("what"), behavior ("how") and growth (critical skills/competencies/value to organization/future potential for growth etc.) of individual employee. - The individual multiplier range is 0-2. The business and function management need to decide the implementation approach and the adequate individual multiplier supported by IT tool. - Continuous growth talk between manager and employee is essential to unleash every individual potential. 员工的个人奖金系数将由其经理于财年底在预算范围内根据如下原则决定： - 个人奖金系数应基于对员工个人的各方面综合表现予以决定，包括：个人的贡献和影响（产出/结果（“WHAT”））、以及如何完成工作和任务的行为（“HOW”）和个人成长表现（关键技能/能力、对组织的价值、发展潜力等）。 - 该个人奖金系数范围在0-2之间。业务部门以及职能部门的管理层需要在0-2之间决定其部门的实施方案以及适合的员工个人奖金系数，该过程将在辅助奖金计算的IT工具中完成。 - 经理和员工之间持续的成长对话对于激发每位员工的潜力至关重要。
5 Determination of incentive payout amounts 奖金支付数额确定  <pre> graph TD subgraph IT [Incentive Targets] direction TB IT1[Incentive Target 1] IT2[Incentive Target 2] IT3[Incentive Target 3] IT4[Incentive Target 4 (exceptional case only)] end IT1 --> WITA[Weighted Incentive Target Achievement] IT2 --> WITA IT3 --> WITA IT4 --> WITA WITA -- "x" --> IM[Individual Multiplier 0 ~ 2] IM -- "x" --> IAITA[Individual Annual Target Incentive Amount] IAITA -- "=" --> PI[Payout of Incentive] </pre>	The achievement of all targets and the individual multiplier will be determined after the end of the fiscal year. The achievement percentages of all targets are added up, taking the respective weightings into account. Multiplying this weighted target achievement percentage with the value for the individual multiplier yields the Total Target Achievement Percentage. The Total Target Achievement Percentage is multiplied by the individual target incentive amount. The result represents the incentive payable for the past fiscal year. The incentive for a fiscal year will be paid at the latest in the January after the completed fiscal year. 各目标完成率和个人系数将在财年结束之后确定。 各关键绩效指标完成率（加权后）之和乘以个人奖金系数等于总绩效完成率。 总绩效完成率乘以个人目标奖金额等于应付奖金额。 年度奖金最迟于财年结束后的1月份发放。

6 Special Cases 特例	The following rules are for the handling of special cases. 下列规则适用于特例处理。
6.1 Target Setting for New Hires 新入职员工目标设定	For new hires during the fiscal year, an incentive target agreement should also be set up. Actual incentive payout will be calculated on a pro-rata basis. Incentive will be paid according to the incentive payout schedule or after successfully passing the probation period, whichever happens latter. 财年中新入职员工，也应当设立奖金目标协议，并按相应奖金支付时间表基于实际绩效达成按比例计算并发放奖金。若其通过试用期的时间晚于公司奖金支付时间表，则于通过试用期后发放。
6.2 Target Setting for transfer employees 调职人员目标设定	<u>Transfer within one Legal Entity</u> In case an internal job change takes place before April 1st, it is recommended that the KPIs and respective achievements will be related to the new unit only. If an internal job change takes place after April 1st, the KPIs and respective achievements will be related to the previous unit. In either case the employee should only have one incentive target agreement form. In rare cases it might make sense to follow KPIs and respective achievements for both the former and the new unit on a pro-rata basis: a new incentive target agreement is to be concluded for the remaining period of the fiscal year. <u>Transfer to another Siemens company</u> A new incentive target agreement is to be concluded for the remaining period of the fiscal year. The target achievements related to a previous legal entity will be calculated on a pro rata basis according to the regulation in the previous legal entity. The target achievements related to the new Siemens company will be calculated according to the new company's regulations. <u>同一个法人实体内部调动</u> 如内部调动发生在4月1日之前，建议该员工的关键绩效指标及其达成与新部门相关联。如内部调动发生在4月1日之后，建议该员工的关键绩效指标及其达成与原部门相关联。以上任意一种情况下，只需为员工设定一份奖金目标协议。 在极少数情况下，员工的奖金同时基于新部门和原部门关键绩效指标的达成并按照一定比例计算。在这种情况下，需要为员工设定一份从调动日起到当前财年结束期间的新的年度奖金目标协议。 <u>调动至另一个西门子公司</u> 需为员工设定一份从调动日开始到当前财年结束期间的新的奖金目标协议。与前法人实体相关的奖金目标达成率将按比例计算，与新法人实体相关的奖金目标达成率将根据新公司的规定计算。

6.3 Incentive handling for employees leaving Siemens 针对离职人员的奖金处理原则	- If an employee leaves Siemens during their probation period, they will not be entitled to any incentive payment. - If an employee resigns during a fiscal year, in principle, she/he will not be entitled to any incentive payment. - If a host-inbound delegate repatriates during a fiscal year, the company has the full discretion to determine the incentive payout percentage with a value between 0% and 100%. The incentive will be paid out at the time of repatriation on a pro-rata basis. If this repatriation happens after April 1st, it may also be agreed between the company and employee to calculate the incentive based on actual target achievement on pro-rata basis, and pay out according to the incentive payout schedule. - If an employee resigns or their contract ends or repatriates on September 30th, the actual incentive will be calculated and paid out according to incentive payout schedule. If an employee resigns or contract ends or repatriates after September 30th, the incentive for the previous fiscal year will be calculated on actual target achievement and paid out according to the incentive payout schedule. - If an employee retires, their incentive will be calculated on actual target achievement and paid on pro-rata basis according to the incentive payout schedule. - If an employee is dismissed by the Company for incompetence due to her/his poor performance or for behaviors as defined under Article 39 of the Labor Contract Law (including severe violation of company's rules and regulations), the Company will not pay any incentives outstanding as of termination date. Especially, the Company is entitled to withhold any outstanding incentives during disciplinary investigation period. If an employee is found violating rules and regulations of the Company, the Company is entitled to claw back incentives paid for the respective fiscal year. -如果员工在试用期离职，公司将不发放任何奖金。 -如果员工在财年内辞职，原则上公司将不会发放奖金。 -如果国际委派员工在财年中结束委派归国，公司将在0%至100%的范围内全权决定其奖金比率，奖金将按照其委派结束时间按比例发放。如果在4月1日之后结束委派归国，公司与员工亦可达成一致按相应奖金支付时间表基于实际绩效达成按比例计算并发放奖金。 -如果员工在9月30日辞职、合同期满或结束国际委派归国，奖金将按照相应的奖金支付时间表计算并发放。如果员工在9月30日之后辞职，上一个财政年度的奖金将按照相应奖金支付时间表计算并发放。 -如果员工退休，他/她的奖金将根据实际绩效完成率按照比例计算并依据相应奖金支付时间表发放。 -如果员工因绩效表现不佳而不能胜任工作或因存在劳动合同法第39条（包括严重违纪等）的情形被公司解雇，公司将不支付截至解除日尚未支付的任何奖金。特别地，公司在违纪行为合规调查期间有权暂缓发放任何尚未发放的奖金。如发现员工存在违纪行为的，公司有权撤回违纪当年公司已发放的奖金并要求员工返还。
6.4 Target Setting for secondment employees 借调员工目标设定	The incentive target setting for secondment employees will follow the incentive target setting structure and policies related policy of the host company 借调员工的奖金目标将按照其借入公司的奖金目标结构和相关政策来设定。

6.5 Incentive payment handling rule on sick leave 病假的奖金处理原则	Sick leave of more than 22 days will lead to a deduction of the annual incentive payment. The incentive payment is based on the number of sick leave days in fiscal year and a deduction will lead to a pro-rated payment accordingly. 对于病假天数超过22天的员工，其年度实际发放的奖金是扣除了其超过22天的病假部分之后的金额。
6.6 Special Employee Groups 适用群体特例	For drivers: Target setting is not applicable for drivers. The Company will decide the incentive payout principle for drivers after the fiscal year end on a discretionary basis. 目标设定对司机不适用。公司将在财年结束之后决定对于司机的奖金发放原则。
6.7 Target agreement not reached 未达成目标协议	In case there is no target agreement reached between the employee and their manager, a company decision will be applied. 如员工和上级之间未达成目标协议，其奖金将由公司决定。
7 Disciplinary consequence of compliance violations and/or Violations to other Company regulations and policies 违反合规/纪律的后果	Disciplinary measures refer to and follow the local employee handbook and compliance violation guidelines. 按照员工手册和合规管理规定处理。
8 Timeline 目标设定时间	Incentive Target Setting deadline for Lead Country China Non-Senior Management is Jan. 31st, 2025. 中国主要市场国的非高层管理人员目标设定需要在2025年1月31日前完成。
9 IT tool IT工具	SIPCA and MyRewards will be used to administer the Incentive Target Agreements for applicable Non-Senior Management employees in FY 24/25. 24/25财年，非高层管理员工奖金目标的管理工具为SIPCA和MyRewards。
